ANNUAL REPORT
OF THE
**PARKS AND RECREATION
DEPARTMENT**

FOR THE
YEAR ENDING DECEMBER 31, 1959

BOSTON, December 31, 1959.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

In accordance with section 15 of chapter 185, Acts of 1875, the Parks and Recreation Commission herewith submits its annual report for the year 1959.

Respectfully submitted,

FRANK R. KELLEY,
*Chairman, Board of Parks
and Recreation Commissioners.*

HARRY J. BLAKE,
THOMAS J. CARTY,
DANIEL G. O'CONNOR,
O. PHILIP SNOWDEN,
Associate Commissioners.

1442
Felt 10/1/59

Boston City Messenger
Feb 20, 1960

INTRODUCTION

The Department of Parks and Recreation had its beginning with the appointment of the first Board of Park Commissioners on July 8, 1875, under the title "Park Department." The Board consisted of three members who served without compensation. As thus constituted, the department continued up to 1913, when by provision of Chapter 10, Ordinances of 1912, it was merged with the Public Grounds, Bath and Music Departments, under the name of Park and Recreation Department. The Commissioners were appointed by the Mayor for a term of three years, one term expiring each year. The Chairman was a paid city official, in charge of the operation of the department. The other two members served without compensation.

In 1920 the Cemetery Department was merged with the Park and Recreation Department, and the title was changed to Park Department. On May 1, 1954, the department became the Parks and Recreation Department under the provisions of Chapter 2, Ordinances of 1954. The Board of Parks and Recreation Commissioners was increased to five members.

Under the latest ordinance, the Commissioner of Parks and Recreation becomes the active head of the department with power of authority far beyond that which existed when the Board consisted of three members (Sections 36-42, inclusive, Chapter 2, Ordinances of 1954). The Commissioners meet as required on call from the Chairman.

The department is responsible for the maintenance and improvement of approximately 2,725 acres of parks and playgrounds. Included in this area are the following facilities: a general office building; 121 playgrounds and play areas, 47 of which have field houses; 20 parks, large and small; 2 service yards containing offices, mechanics' shops, storehouse and garage; a recreation office building; 13 indoor recreation centers; 16 public bath houses; 2 public golf courses (18 holes); 3 public bathing beaches with bathhouses in which are 2 solariums; 4 swimming pools (2 indoor and 2 outdoor); 85 public squares; 14 greenhouses; 19 cemeteries (3 active, 16 inactive or historic); 108 miles of parkways, drive-ways, walks and paths; 131 acres of ponds and rivers; and the care and maintenance of all trees on city streets, parks, and playgrounds.

The department organizes, promotes, and conducts a city-wide recreation program for all age groups with special emphasis on youth programs.

This report summarizes briefly the efforts of the Parks and Recreation Commission and the staff of the department to maintain a high standard in essential services and to expand the facilities of our park system to meet the needs of the department within our appropriation allowances.

In this report there is no particular attention given to the extensive maintenance responsibilities of the Parks and Recreation Department. Reference to the introductory section of this report will indicate the large number of areas, buildings, etc., that require most of the time of our staff. It should be apparent that much of our appropriation is expended for the maintenance and improvement of parks, gardens, park and recreation buildings, mechanics' shops, golf courses, cemeteries, etc. Proper maintenance is the key to efficient service. We are confining this report to major work accomplished in 1958, all of which is substantially outside the area of general maintenance.

MAJOR ACCOMPLISHMENTS IN 1959

PARK AND PLAYGROUND IMPROVEMENTS

Construction of West Street Plaza, Boston Common: Further construction work was continued on the beautification of LaFayette Mall, Boston Common, from the income of the George F. Parkman Trust Fund. The laying of pipes for the drainage system and water supply connecting with the pool, which is the center of the new fountain, was completed. The light and dark pavement which is a feature of the new development was completed. Seven steel flagpoles were erected in place in the pool and monument area. New seats and concrete benches were set in place, and much of the area loamed and fertilized for a sum of \$79,081.90. It is our hope to have this area developed during the year of 1960 with the erection of figures for the three monuments and the completion of the center fountain.

The flower boxes along LaFayette Mall were planted with Evonymus shrubs, Japanese yews, and dwarf yews at a cost of \$8,624.50. An architect and sculptor's

contract for the designing of the statuary fountain and surrounding area was awarded in the amount of \$55,000, the work under this contract to be done in 1960.

Construction of Playground at Veterans of Foreign Wars Parkway, Russett Road, Bruce and Weld Streets, West Roxbury: The construction work on this playground was continued from 1958 and completed in 1959 with the furnishing and erecting of park benches, tables and bench units, chain link fence, play area equipment, asphalt surfacing, seeding and sodding of ball diamonds, and the planting of 55 trees for a sum of \$47,027.20.

Asphalt Surfacing and Play Area Construction at DeFilippo Playground, North End: This small area, containing slightly more than an acre of land, was reconditioned and redeveloped into a small children's play area. New playground equipment, reconditioning of the walks, placing of park benches, and enclosing the area with a chain link fence was completed at the cost of \$11,490.75.

Construction of Play Area at Sumner and Lamson Streets, East Boston: This particular area, containing half of an acre, has been under the control of the department for approximately three and a half years, but we have never had a sufficient appropriation to properly develop the area. In 1959 we removed the brick structures located on the premises. We proceeded to install new water drains, a drinking fountain, new seats and benches, and also play area equipment. The area was entirely enclosed with a chain link fence. This work was done at an expenditure of \$39,772.36.

Reconstruction of Play Area at Harrison Avenue, Boston: This small area containing approximately one tenth of an acre was developed in 1950 as a children's play area. During the ensuing ten years much use was made of the area, and in 1959 it was necessary to do considerable reconditioning work. New park seats were installed, the area was surfaced with a new special black top preparation, the fence and gate were painted, and other incidental repair work restoring the area in good condition was done at an expenditure of \$4,178.90.

Grading, Surfacing, and Improvements at Jefferson Playground, Roxbury: The redesigning and reconditioning of this playground started in 1958 and was completed in 1959 by seeding and sodding the ball dia-

monds, erecting park benches, installing new playground equipment, planting eight maple trees, and surrounding the complete area with a chain link fence. This work was done at a cost of \$14,195.

Playground Improvements at McConnell Park, Dorchester: This playground has been out of commission because of the construction of the Southeast Expressway. A considerable portion of the playground was taken by the Commonwealth of Massachusetts for the construction of the Expressway. Now that the Expressway is a reality, a start was made on the redesigning and reconditioning of the remaining part of the playground. In 1959 the work consisted of fence repairs, grading, drains, a drinking fountain, grass sod, seeding, new walks and benches, baseball backstop, and the planting of 30 Norway maples at a cost of \$29,097.35.

Repairs and Alterations to Steam Heating Boiler at L Street Bathhouse, South Boston: This work was completed at a cost of \$3,970.39.

WALKS AND ROADWAYS

Arnold Arboretum: For the first time in years a start was made on the asphalt surfacing of the roadways in the Arnold Arboretum. In 1959 work was completed in the amount of \$11,830.50.

Reconstruction of Service Roads at Franklin Park Service Yard, West Roxbury: The roads in and around the areas of our Franklin Park work shops were constructed after many years at a cost of \$33,132.71.

BUILDINGS, ETC.

Paris Street Gymnasium, East Boston: A contract for roofing and metal work at this building was awarded, and the work completed in the amount of \$15,723.

Repairing and Painting Dome and Greenhouses at Franklin Park Yard: The greenhouses in Franklin Park, the center of our entire horticultural program, were repaired, painted, etc., at a cost of \$13,880.78.

TREES

Approximately 1,300 trees, which included Norway maples, Schwedlari maples, Columnare maples, and

European lindens, were planted on city streets and parkways in the amount of \$49,996. Several hundred trees located in all sections of the city were trimmed, had all deadwood removed, and were reshaped at a cost of \$20,375.

Trees were sprayed throughout the park system under contract in the amount of \$11,000. This work was in addition to the work done by the Parks and Recreation staff.

RECREATION

Our recreation program and what this department accomplishes for all groups, from the youngest to the golden age, is well known in the community. Our program has been copied by many other cities in the United States.

As in former years we have conducted our city-wide basketball, baseball, handball, and football programs in all sections of the city. Thousands of persons competed in all our events, which are set up in Junior, Junior Varsity, Varsity and Senior Varsity, and Senior Park leagues, in all these sports. It might be of interest to point out that in our Senior Park Football League, whose games are witnessed by hundreds of thousands, the final play-off game was held in the new Boston College Stadium. This privilege was granted to us through the courtesy of His Eminence Cardinal Richard J. Cushing and Boston College officials.

During the summer season, for a nine-week period, we staffed 125 play areas and school yards with recreation leadership, and the young men and women instructors, most of whom were college graduates or upper classmen in college, directed a workshop covering sports, games, athletics, handicrafts, music, etc. Among the more popular attractions were the several soft ball leagues, which now include women as well as men.

A special indoor recreation demonstration, which included girls from each of the 14 recreation centers throughout the city, was held at the Tobin Memorial Gymnasium, at which the May Queen was selected.

In addition to the regular annual events like May Day, Halloween, and the Golden Age parties, the Recreation Division promoted weekly programs beginning with "Get Acquainted Week" and including

"Be Kind to Animals Week," "Do It Yourself Week," "Be a Good Citizen Week," etc.

Resodding and seeding of tees and fairways at the George Wright Golf Course, Hyde Park, was completed at a cost of \$10,350.

The beaches at the L Street Bathhouse were graded and sanded at a cost of \$4,160.60.

Arrangements were made to rope and floodlight special baseball and football games of the Park League senior teams. Because of insufficient funds we were only able to furnish this service to a limited number of areas. The roping work cost \$4,970, and the furnishing of floodlight equipment \$4,650, both under contract.

CEMETERIES

New areas for burials were developed in Mount Hope and Evergreen Cemeteries. This included the installation of 872 new concrete liners. The work further included subsoiling and incidental work and was done under two contracts at a cost of \$36 898.88.

PARKS AND RECREATION DEPARTMENT— CEMETERY DIVISION

The following annual report is presented for the Cemetery Division from January 1, 1959, to December 31, 1959.

DEPARTMENT CEMETERIES

The burying grounds, cemeteries, and tombs which are owned by and in charge of the City of Boston are as follows, with a total area of about 7,040,708 square feet:

	Square Feet	Estab- lished
<i>Bennington Street, East Boston</i>	157,500	1838
<i>Bunker Hill, Charlestown</i>	48,202	1807
<i>Phipps Street, Charlestown</i>	76,740	1630
<i>Copp's Hill, Hull street, City</i>	89,015	1659
<i>King's Chapel, Tremont street, City</i>	19,344	1630
<i>Granary, Tremont street, City</i>	82,063	1660
<i>Central, Common, City</i>	60,693	1756
<i>South End South, Washington street, City</i>	64,670	1810
<i>Hawes, Emerson street, South Boston</i>	11,232	1816
<i>Union, East Fifth street, South Boston</i>	5,470	1841
<i>North, Uphams Corner, Dorchester</i>	142,587	1633
<i>Eliot, Eustis street, Roxbury</i>	34,830	1630
<i>South, Dorchester avenue, Dorchester</i>	95,462	1814
<i>Westerly, Centre street, West Roxbury</i>	39,450	1683
<i>Walter Street, West Roxbury</i>	35,100	1711
<i>Evergreen, Commonwealth avenue, Brighton</i>	604,520	1848
<i>Market Street, Brighton</i>	18,072	1764
<i>Mount Hope, Walk Hill street, 125 acres and</i> 14,330 square feet		1851
<i>Fairview, Fairview avenue, Hyde Park, about 50 acres,</i>		1892

CITY TOMBS

Twenty-five in the South Ground; six in Phipps Street Ground, Charlestown; one tomb for infants in South Ground; one tomb for infants and one for adults in Copp's Hill Ground; one for adults and one for infants in the Granary Ground; one for infants in King's Chapel Ground; one for infants in the Central Ground; two receiving tombs in East Boston; one receiving tomb in Dorchester North; one receiving tomb in Dorchester South; one receiving tomb in Evergreen Cemetery, Brighton; one receiving tomb in Mount Hope Cemetery; and one receiving tomb in Fairview Cemetery, Hyde Park.
